WINEMAKER'S NOTES

The purity of this wine is immediately evident by its bright, vibrant ruby color. It has a nose of fresh red rose petals with a mineral intensity and fruit that explodes from the glass with characters of black plum and blood orange zest. On the palate the sense of purity returns with a fruity attack, a full mid-palate of candied apple and plum supported by a lacy, acid backbone and nuanced oak. The palate evolves seamlessly to a long fine grained finish. The wine slowly unfolds and shows surprising complexity and incredible length of fruit and minerals.
